By HARRY WARD.

The fact that twenty-one cars, representing eighteen different makes, have been entered to date in the Munsey Historic Tour gives the event a vast amount of importance in the automobile world.

Of these twenty-one entries, fifteen have been entered by factories, and three of these factories have each entered two cars in the tour. Two dealers—Charles E. Miller of Washington, and T. A. Lambert, of Baltimore—have entered cars, while one private owner—Frank Hardart, of Philadelphia—has entered his machine and will try conclusions with the drivers nominated by the factories and dealers. The entry list is a representative one, and when it is closed on August 5, it is confidently expected nearly fifty cars will be found enrolled.

Advices received at tour headquarters in the Munsey Building, indicate that a number of the cars entered in the tour will be given severe tests before they are placed in the hands of the technical committee in Philadelphia prior to the start on the morning of August 15. These tests are designed to tune up the cars and place them in good shape for the strenuous twelve days' tour.

Hotel Arrangements.

Inquiries continue to be received at tour headquarters regarding hotel accommodations en route. It may be stated that the tour managers have gone into this matter very thoroughly and the contestants, observers and passengers can rest assured that nothing has been left undone to insure their comfort throughout the tour. Among the hotels at the various night stops are: Walton, in Philadelphia; West Point Hotel, West Point; Mohican, New London; Lenox, Boston; Lafayette and Palmouth, Portland; Sinclair House, Bethlehem, N. H.; Van Ness, Burlington, Vt.; United States, Saratoga; Stirling, Westchester, N. Y.

The officers and members of the Automobile Club of Washington are manifesting great interest in the Munsey Historic Tour, and promise to give the tourists a rousing welcome when they finish the tour in the National Capital. The club is also planning to hold a hill-climbing contest two days after the conclusion of the tour. A committee is now arranging the details, and an invitation to enter the lists will be extended to every contestant in the tour.

As the technical committee will have completed its final examination of the cars by August 20, the competing cars will have plenty of opportunity to compete in the several hill-climbing events. Last year, it will be remembered, the Munsey tourists had the star feature of the floral parade arranged by the Washington Chamber of Commerce. This year they will have an opportunity to participate in an entirely different kind of an affair.

EAGERNESS SHOWN FOR POSTAL BANKS

Financiers and Postmasters Throughout Nation Anxious for Installation.

The Postoffice Department announces that 36 banks in forty-one States have already applied to the postal savings trustees for deposits under the new postal savings bank system.

At the same time 165 postmasters in twenty-eight States have asked that their offices be placed upon the first list to obtain the new bank.

This indicates the growing interest in the Government's initiative. Now that the savings banks have been authorized by Congress all opposition seems to have melted away. Everybody concerned in the system is anxious for an early installation.

Postmasters, according to their letters, are beset daily by their patrons for the opportunity to make deposits. They say the people have the impression that the Government is now ready to accept for money—and the thousands of offers of cash are made daily.

As for the banks, they, of course are interested in becoming Government depositories. That explains their impatience. They want the use of as much money as they can get, at 2 per cent a year. They can turn that money over at 6 and 8 per cent and make a comfortable profit.

DOYLESTOWN, Pa., July 15.—William J. Deary, of Yardley, was severely cut and bruised on the head and body by walking against a rapidly-moving trolley car on the Newtown branch of the Johnson line. Deary is deaf, and did not hear the car approaching.

WONDERFUL CURE OF SORE HANDS

Skin Peeled and Flesh Got Hard and Broke—Blood Flowed in Fifty Places—"Single Box of Cuticura Ended Suffering."

About eleven years ago I was troubled with sore hands, so sore that when I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heart sore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position.

Before I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. After doctoring for three years, and spending much money, a single box of Cuticura Ointment ended all my sufferings. It's been eight years since I used any and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment. (Signed) THOMAS A. CLANCY, Nov. 11, 1909. 310 N. Montgomery St., Trenton, N. J.

PERSONAL PROPERTY RETURNS ARE DUE

Must Be Made Before First of August to Avoid Penalty.

Returns on personal property are due and must be made before August 1, in order to avoid a penalty of 20 per cent. Of the 20,000 assessments made on personal property in the District of Columbia, not more than half the returns are made within the scheduled time, according to a member of the Board of Personal Tax Appraisers.

In order to avoid this extra obligation, property owners must submit to the assessor before August 1, on blanks furnished by that office a schedule of all tangible personal property, and all general merchandise and stock in trade subject to taxation owned by them. This statement must be sworn to before a notary public.

Personal property not exceeding \$1,000 in value is exempt.

Upon failure of the owner to make a return of personal property within the time scheduled, the board of personal tax appraisers are directed "from the best information they can procure to make an assessment to which they shall add 20 per centum thereof."

"The addition of this penalty is a source of endless difficulties with property owners," said a member of the board today. "The fact that blanks on which the schedules are to be made are ready for delivery is advertised, but escapes the eyes of many readers."

"The result is that when they discover that a penalty is added for non-payment they appeal to the board for redress, giving as an excuse that they were notified. The law regarding the payment of this penalty is mandatory, however, and no exceptions can be made either by the board or by the Commissioners."

"If property owners will make their returns promptly this year, it will save them this annoyance."

FRIENDS LIBERATE SOCIALIST "MARTYR"

John Keon, Who Wouldn't Pay Poll Tax, Released From Cell.

GRAPTON, Ill., July 15.—The "martyrdom" of John Keon, a socialist, has ended.

He was released today after three months in jail by his socialist friends of St. Louis, who paid his fines and costs aggregating \$3. Keon was sentenced to prison, April 25, for failure to pay his annual tax of \$1.50. Keon declared he would spend the remainder of his life in jail rather than submit to paying for the privilege of carrying a poll tax receipt around with him. Had his friends not come to his rescue he was in a fair way of serving at least seven years, for Keon was two years in arrears in his poll taxes. He was deprived of reading and even of playing solitaire in his cell.

Keon made the race last election for circuit judge on the socialist ticket. It was his opponent, Judge Thompson, who sentenced him to jail.

PLAYGROUND FUND FOR ONE PURPOSE

Line to Be Strictly Drawn Between District and School Expenditures.

No part of the appropriation for District playgrounds is available for the equipment or maintenance of school playgrounds, according to an opinion of Auditor Tweedale submitted to the Commissioners today.

The question was raised by the Board of Education, which has called to the attention of the Commissioners the small appropriation available from school funds for the equipment of school playgrounds, and has asked if any part of the appropriation for District playgrounds can be used in leveling and equipping the playgrounds adjoining the Morgan, Garfield, and Powell schools.

Auditor Tweedale holds that as Congress has specifically provided for school playgrounds and has limited the amount of the expenditure, no part of the funds for the District playgrounds can be so applied.

OWNER OF GRAVEL ASKS INJUNCTION

The District Commissioners and the Chief of Police will next Wednesday be called upon to prevent reasons to the District Supreme Court for their refusal to allow Joseph Swift, of Wilmington, Del., owner of a gravel bed of 10 acres a trestle across the Benning road near its intersection with the Anacostia road.

Through Attorney Lorenzo A. Bailey, Mr. Swift this morning brought suit for an injunction against the officers of the municipality. He declares that unless he is allowed to span the roadway with a trestle the expense of removing his gravel for shipping will be greatly increased.

Illinois Central Declares Less Than \$25,000 Remains of Sum Said to Have Been Obtained.

CHICAGO, July 15.—Ten thousand dollars in the Central Trust Company of Illinois, savings account, commercial account slightly less, and notes for interest constitute all that is left of the \$750,000, which the Illinois Central alleges, Henry C. Ostermann obtained from it by fraud.

The Illinois Central has entered suit to determine whether Ostermann had segregated his assets, and placed them beyond a possible judgment in the case. Ostermann, a former Illinois Central conductor, attracted attention last year by lavish use of money in various hotels in different cities.
